MAY RESULT IN EXTRA SESSION

**Passage of Tonnage Tax Bill
by the Senate.**

WOULD FIGHT IT IN COURTS

Mine Owners Would Begin Legal Battle When State Tried to Collect the Tax, and Victory for Them Would Mean Return to the Old Method of Taxation and Would Necessitate Extra Session of the Legislature.

St. Paul, April 16.—An extra session of the legislature is one of the possible results of the passage of the iron ore tonnage tax bill, which seems a certainty at this time. The bill has passed the house and is a special order in the senate today and the estimates say that it will have about thirty-eight votes, thirty-two being a majority.

The mine owners will fight the bill in the courts. This fight will not start until the state tries to collect the tax, which will not be until about a year from now.

If the bill is unconstitutional, the mines would, of course, go back to the old method of ad valorem taxation. But until the law would be declared invalid the state would not accept any taxes on the old basis.

The mine properties bring the state more taxes than Hennepin county, even on the old basis. The absence of this revenue would leave the state treasury short and there would not be enough to pay the appropriations.

The state would then be up against the necessity of calling a session of the legislature to do something. The special session could repeal the tonnage tax bill if the members had changed their minds about it, or they could amend it if they found any flaws in the law. At the same time they could and would be compelled to provide some means of revenue to care for the state's running expenses.

Reapportionment Bill Passed.

The house passed the L. H. Johnson reapportionment bill, which in its present form adds fifteen to the membership of the house.

The bill had been discussed Wednesday, so that there was no debate on the bill except between the two Renville members.

J. A. Dalzell of Morton had amended the bill Wednesday, so as to divide Renville county into two districts instead of having the two elected at large. N. J. Holmberg tried to have the amendment stricken out. The division remained.

The house passed Senator Clague's bill for proceedings against persons guilty of neglecting their children, and providing guardians for neglected children. The bill in effect extends the probationary system now in force in the three large counties to the rest of the state.

Respecting neither the rules of the senate nor the proprieties, certain lobbyists about the senate chamber have made themselves so obnoxious that they were publicly reprimanded by the president, and the sergeant at arms was instructed to exclude all lobbyists, no matter who they are. The attention of the chair was called to the matter by E. H. Canfield of Luverne, who read the senate rules that lobbyists are to be excluded from the senate chamber.

Every corner of the chamber has been filled with lobbyists without number during the past few weeks.

Will License Peddlers.

After a severe fight of several days, the senate calmly passed the bill

licensing peddlers of the state. An amendment was adopted, however, exempting peddlers in the big cities from paying the state tax if they have a city license.

The house killed Representative John Holten's bill requiring candidates at the primary to have 30 per cent of the vote of the party at the previous election in order to nominate.

There will be no extension of the manufacturing activities of the state prison. The senate adopted the report of the majority of the state prison committee recommending that the bill establishing a factory for manure spreaders and mowers be killed. The law yet stands that reapers and binders may be made.

The house passed the bill to establish a rock crushing plant at the St. Cloud reformatory and furnish crushed rock free to the state highway commission for use on the roads. The Great Northern and Northern Pacific have promised to haul the rock seventy-five miles free, and the Omaha road has also promised to haul it that far on its road from the cities.

The senate again refused to take the hint of some members of the body, and declined to work at night. Efforts were made to have the senate keep better hours, but the majority persists in flowing gently along the stream of time.

The last day for passing bills is next Wednesday night at midnight and there are 200 or more bills to be acted upon, in addition to those which have not yet come from the committees or from the house.

The house tabled J. N. Johnson's resolution urging congress to strike the drawback provisions out of the Payne tariff bill.

AFTER POLITICAL CAMPAIGN ENDED

**Bank That Aided Stephenson
Made State Depository.**

Madison, Wis., April 16.—That the Bank of Lancaster, headed by L. H. Stevens, a supporter of Isaac Stephenson in the contest for the United States senatorial nomination, was made a state depository following the political campaign, developed in the testimony of State Treasurer A. H. Dahl before the senatorial investigation committee.

Mr. Dahl admitted that a request from E. A. Edmonds, manager for Mr. Stephenson, that the Lancaster bank be made a state depository had considerable influence with the board of deposits made up of Governor Davidson, the state treasurer, secretary of state and attorney general.

Other witnesses included J. F. Linehan of Milwaukee, who told of sending a campaign contribution of \$25 to Governor Davidson for Game Warden Buckley. The cancelled check with Governor Davidson's endorsement was produced in evidence.

Buckley testified that Stephenson solicited his support and when the senator was informed that witness favored McGovern, Mr. Stephenson is alleged to have said: "All right; I'll fix it up with Stone." A few months later Buckley was removed and he drew the inference that Stephenson did "fix it up with Stone."

Lieutenant Governor John Strange testified to the election of Mr. Stephenson as United States senator on March 4 and that he signed the certificate of election.

EXPRESS TRAIN WRECKED

Two Persons Killed and Several Others Injured.

Harrisburg, Pa., April 16.—Two persons were killed and several others slightly injured when "the Queen of the Valley," a night express on the Reading railway, was wrecked in the southern part of Harrisburg, within a moment's ride of the Reading station. The engineer and fireman were killed.

It is said that when the engineer applied the airbrakes upon approaching the station the brake rigging dropped to the tracks, causing the wreck. The ties and rails were torn up for a distance of 100 yards. The rigging apparently caught upon a switch point and overturned the engine and tender. Three of the seven cars in the train were thrown across all four tracks at the point of the wreck.

Fulton Declines Appointment.
Astoria, Ore., April 16.—Former Senator C. W. Fulton has telegraphed President Taft declining the appointment of minister to China. He says he wishes to resume the practice of law.

MARINES LYNCH TURKISH OFFICER

Kill Commander of the Battleship Assar-I-Tewfik.

TRAINED GUNS ON YILDIZ KIOSK

Victim of Mob Intended to Support the Committee of Union and Progress—Disquieting News Received From Saloniki and Monastir—Public Confidence in Constantinople by No Means Restored.

Constantinople, April 16.—The third day of the revolutionary movement in the capital was marked by some disorders, the most serious of which was a demonstration by marines, who objected to the new minister of marine, Vice Admiral Adjemlin Pasha. The marines gathered in force and seized and conveyed to the palace Arif Bey, commander of the battleship Assar-I-Tewfik, a member of the Committee of Union and Progress, who ordered the guns of his ship trained on Yildiz Kiosk when the rising was at its height, with the intention of supporting the committee. Arrived at the Yildiz Kiosk, the men lynched Arif Bey, notwithstanding the efforts of the palace guard to save him. Although public confidence is by no means restored by the formation of the new cabinet, an excellent impression has been produced by the appointment of Nazim Pasha as commander of the First army corps, and this has been strengthened by the nomination of Memduh Pasha, another able Adirapiole officer, to command the First division at Constantinople. Edhem Pasha, the new minister of war, and Nazim Pasha made the round of barracks in the city and exhorted the soldiers to obey their officers. They were well received and heartily cheered.

Disquiet in Porte Circles.
Porte circles are extremely disquieted by news from Saloniki and Monastir, where the influence of the Committee of Union and Progress is strong. Officers of the porte have received telegrams from these sections demanding the re-establishment of the status quo ante, failing which the committee leaders threaten to march on Constantinople with the entire Third army corps, whose officers are now in communication with the Second army corps, with a view to co-operation. The latter corps, however, recently opposed the committee. The impression prevails here that the Third army corps is ignorant of the real objects of Tuesday's rising, and may desist from its warlike intention when it realizes that the parliament and the constitution have been maintained.

A committee of ulemas in the capital has issued pamphlets explaining the movement, which, they assert, is in nowise directed against the constitutional government. On the contrary, the committee emphasizes the fraternity between the Moslems and Christians and encourages all to co-operate for the welfare of the country.

The first news from Mersina, was, happily, exaggerated. Early advices stated that a massacre of Armenians was in progress at that place, which is a seaport of Asia Minor, on the Mediterranean. The disturbance in reality occurred at Adana, which is about thirty-six miles from Mersina. Only ten Armenians were killed. Martial law has been proclaimed there and reinforcements of troops are being dispatched from Beirut.

Public Opinion Divided.
Public opinion is divided over the outcome of the present obscure situation. Some fear the return of the old regime, while others, more hopeful, express relief at the disruption of the Committee of Union and Progress, whose methods were a source of general uneasiness. On the other hand the intervention of the military is a disquieting feature, establishing as it does a bad precedent. It becomes increasingly apparent that the appeal made to the religious feeling of the people was simply with a view to reconciling them to the downfall of the government instituted by the committee.

Significant of the present aspect of affairs is the flattering tone adopted toward the troops in the proclamation voted by the chamber. This frankly declares that the soldiers' attitude represented popular discontent with the inactivity of the late cabinet and that the ministry therefore should be remodelled to meet the army's wishes.

German East Africa.
April 16.—Advices received from German foreign office from German East Africa state that sixty deaths from plague have occurred in the Muanza district.

Cotton Messaline Petticoats Proper qualities for the late Styles

We are in receipt of a line of black and colored Messaline finished cotton petticoats. These have the "clinging" qualities and are just what are wanted for wear with the present style of skirts. The finish is very lustrous and is permanent. They sell at \$2.75 and \$3.00. We also received a new lot of fine black silk petticoats to sell at \$6.50. They are made most generously and are beautifully made and finished.

H. F. Michael Co.

A new line of Fine Imported Dotted Swisses

Qualities that are of the finest and just the right kind of dots. These make the very most desirable of white dresses.

We have a beautiful line of fine Persian lawns to acquaint you with, which with our fine line of laces will make the finest possible white dresses.

EXCITING TIME IN WHEAT PIT

**Drop in Price on the Chicago
Board of Trade.**

SMALL SPECULATORS CAUGHT

Their Fortunes Wiped Out by the Unexpected Downward Plunge in the Price of the Cereal—James A. Patten and His Followers Come to the Rescue and by Vigorous Exertions Save the Day From Utter Rout.

Chicago, April 16.—It was a day of tumult and sharply shifting fortunes in the wheat pit of the board of trade. July wheat, following a docile advance to a new high level, suddenly dropped an extreme 4 3/4 cents. The "pyramided" fortunes of small speculators vanished in a trice and the day was saved from rout only by the vigorous exertions of the bull leader, James A. Patten.

Within the last fifteen minutes of trading, Mr. Patten bought 3,000,000 bushels of wheat for July delivery, the while he chewed the stub of a cigar and ran his fingers repeatedly through the unshaven gray stubble which there had been no time to remove from his face. A carnation adorned his coat lapel, and there was a layer of Chicago dust on his coat and hat.

"Nothing but a flurry," he said, but that was after the turbulent pit had been deserted for the day.

During that final quarter of an hour he was a very busy man. Into the corridor of the Western Union building in which the Bartlett & Patten offices are to be found, floated the sound of high, nervous voices as clerks at the telephone shot in buying orders to other clerks in the pit. "Buy fifty. Buy a hundred. Buy twenty-five."

These numbers referred to thousands of bushels of wheat and there were many small ones, so many, in fact, that not all of them were filled. It was a physical impossibility to do so.

Patten Directed His Own Deals.
Mr. Patten personally visited the floor of the exchange and directed his own deals by word of mouth.

It was Patten against the field and the final gong showed that the former apparently was as mighty as ever. His purchases and those of his followers, together with the profit taking of shorts who lost no time in securing the fruits of their bearish daring, caused a reaction of over 1 cent all along the line. Before this occurred the hoard of many a smaller speculator had gone.

Far from the maddening strife on

that board in hundreds of bakeries there was a different, although related, scene. Flour had risen and the bakers with corrugated brows were trying to find out where their profits were coming from unless the price of bread could be raised.

According to one of the largest bakers in the city, the price of flour has doubled in the past six years; lard has done likewise; milk has advanced 33 1/2 per cent, delivery charges have doubled and yet the price of bread remains the same. Three years ago, when flour patents were on the rampage, many bakers saved their profits by reducing the weights of their loaves and quality of flour used. But it is said there is no further extreme of economy to which they can go and meanwhile they allege that their net earnings are nil. So far, however, no concerted action has been taken with regard to the situation.

PRICE OF BREAD WILL GO UP
Famine Rates Expected to Prevail in New York.

New York, April 16.—With flour up 40 cents a barrel in the local market and the prospects apparently good for a further rise, New York city is now facing the possibility of bread at 7 cents a loaf. What will appear to hundreds of thousands in the poorer quarters like famine rates for this staple of all larders, bids fair to be forced as a result of the recent rise in the price of wheat. The ghetto of New York city has already in some degree felt the effect of the buoyancy of the Chicago wheat pit. Six cents a loaf is the price now charged by some bakeries, while the proprietors of hundreds of others declare that they cannot continue selling at 5 cents much longer, with bread flour of the better grades costing from \$7 to \$7.20 a barrel, against \$6.60 to \$6.80 a few days ago. They add, moreover, that with flour permanently up to the rates recently quoted, even 6 cents would not give them any sort of a profit.

While no concerted action in the matter of raising bread prices has yet been taken, developments along this line are expected at the next meeting of the East Side Master Bakers' association. This organization comprises about 400 proprietors of the smaller bakeries, 22 of whom have, it is stated, given up business since the big rise in wheat began. Their secretary, D. H. Brayer, declared that present conditions in the flour market meant either a cut in the weight of each loaf or an increase in price.

Thirteen Persons Injured.
Chicago, April 16.—Thirteen persons were injured when a freight locomotive on the Chicago, Milwaukee and St. Paul railroad crashed into a street car at Chicago avenue and Larrabee street. Only one was seriously injured.

"Y-e-s," hesitated Mr. Justwed, "these biscuits are pretty good, but don't you think there ought to be just a little more?"
"Your mother made them," interrupted Mrs. J. quickly.
—"of them?" ended Mr. J., with a flash of inspiration.—Cleveland Leader.

STRIKE OF GREAT LAKES SAILORS ON

**Fully Fifteen Thousand Men
Are Affected.**

Buffalo, N. Y., April 16.—The strike of the sailors on the Great Lakes, or rather their refusal to work, is now in effect. Fully 15,000 men, from engineers to deck hands, are affected by the decision of the union organizations not to operate boats belonging to members of the Lake Carriers' association until its avowed purpose to enforce an open shop on the lake boats is abandoned.

Some boats, which have signed up without the open shop clause, and others with nonunion crews will try to get out of port today. Several boats of the Mutual and Union lines have steam up ready to start and an effort will be made to break through the ice. Union pickets are active on the docks, but no serious clashes have occurred.

TWO MEN BLOWN TO ATOMS

Terrific Explosion in a Nitroglycerin Factory.

Robinson, Ill., April 16.—Charles Deweis and Moses Lantz were blown to atoms when the nitroglycerin factory of the Independent Torpedo company at Gordon, Ill., was destroyed by an explosion.

The nitroglycerin mill is situated five miles southeast of this city and only two men were at work when the explosion occurred. The ground about the plant was torn up for an acre, and nothing is left to show that the plant once existed. Only a small part of the breast of one of the men was found. Dentz was a widower with two children and Deweis left a widow.

The explosion shook the country for twenty miles around. The shock was so strong here that plastering fell from the ceilings of the houses and the people ran out of their homes thinking an earthquake had occurred. Every building in the city was shaken but the loss here will be small.

TAFT VISITS NEW HAVEN

President Attends Business Meeting of Yale Corporation.

New York, April 16.—President Taft made a trip to New Haven to attend a business meeting of the Yale corporation, of which he is a fellow, and prior to leaving for Washington attended the theater with Mrs. Taft and other members of the Taft family.

Mr. Taft has thoroughly enjoyed his trip to New York and New Haven. With the exception of an hour spent at luncheon with President Hadley, Mr. Taft's stay at New Haven was spent entirely at the corporation meeting.

MAY RESULT IN EXTRA SESSION

**Passage of Tonnage Tax Bill
by the Senate.**

WOULD FIGHT IT IN COURTS

Mine Owners Would Begin Legal Battle When State Tried to Collect the Tax, and Victory for Them Would Mean Return to the Old Method of Taxation and Would Necessitate Extra Session of the Legislature.

St. Paul, April 16.—An extra session of the legislature is one of the possible results of the passage of the iron ore tonnage tax bill, which seems a certainty at this time. The bill has passed the house and is a special order in the senate today and the estimates say that it will have about thirty-eight votes, thirty-two being a majority.

The mine owners will fight the bill in the courts. This fight will not start until the state tries to collect the tax, which will not be until about a year from now.

If the bill is unconstitutional, the mines would, of course, go back to the old method of ad valorem taxation. But until the law would be declared invalid the state would not accept any taxes on the old basis.

The mine properties bring the state more taxes than Hennepin county, even on the old basis. The absence of this revenue would leave the state treasury short and there would not be enough to pay the appropriations.

The state would then be up against the necessity of calling a session of the legislature to do something. The special session could repeal the tonnage tax bill if the members had changed their minds about it, or they could amend it if they found any flaws in the law. At the same time they could and would be compelled to provide some means of revenue to care for the state's running expenses.

Reapportionment Bill Passed.

The house passed the L. H. Johnson reapportionment bill, which in its present form adds fifteen to the membership of the house.

The bill had been discussed Wednesday, so that there was no debate on the bill except between the two Renville members.

J. A. Dalzell of Morton had amended the bill Wednesday, so as to divide Renville county into two districts instead of having the two elected at large. N. J. Holmberg tried to have the amendment stricken out. The division remained.

The house passed Senator Clague's bill for proceedings against persons guilty of neglecting their children, and providing guardians for neglected children. The bill in effect extends the probationary system now in force in the three large counties to the rest of the state.

Respecting neither the rules of the senate nor the proprieties, certain lobbyists about the senate chamber have made themselves so obnoxious that they were publicly reprimanded by the president, and the sergeant at arms was instructed to exclude all lobbyists, no matter who they are. The attention of the chair was called to the matter by E. H. Canfield of Luverne, who read the senate rules that lobbyists are to be excluded from the senate chamber.

Every corner of the chamber has been filled with lobbyists without number during the past few weeks.

Will License Peddlers.

After a severe fight of several days, the senate calmly passed the bill

licensing peddlers of the state. An amendment was adopted, however, exempting peddlers in the big cities from paying the state tax if they have a city license.

The house killed Representative John Holten's bill requiring candidates at the primary to have 30 per cent of the vote of the party at the previous election in order to nominate.

There will be no extension of the manufacturing activities of the state prison. The senate adopted the report of the majority of the state prison committee recommending that the bill establishing a factory for manure spreaders and mowers be killed. The law yet stands that reapers and binders may be made.

The house passed the bill to establish a rock crushing plant at the St. Cloud reformatory and furnish crushed rock free to the state highway commission for use on the roads. The Great Northern and Northern Pacific have promised to haul the rock seventy-five miles free, and the Omaha road has also promised to haul it that far on its road from the cities.

The senate again refused to take the hint of some members of the body, and declined to work at night. Efforts were made to have the senate keep better hours, but the majority persists in flowing gently along the stream of time.

The last day for passing bills is next Wednesday night at midnight and there are 200 or more bills to be acted upon, in addition to those which have not yet come from the committees or from the house.

The house tabled J. N. Johnson's resolution urging congress to strike the drawback provisions out of the Payne tariff bill.

AFTER POLITICAL CAMPAIGN ENDED

**Bank That Aided Stephenson
Made State Depository.**

Madison, Wis., April 16.—That the Bank of Lancaster, headed by L. H. Stevens, a supporter of Isaac Stephenson in the contest for the United States senatorial nomination, was made a state depository following the political campaign, developed in the testimony of State Treasurer A. H. Dahl before the senatorial investigation committee.

Mr. Dahl admitted that a request from E. A. Edmonds, manager for Mr. Stephenson, that the Lancaster bank be made a state depository had considerable influence with the board of deposits made up of Governor Davidson, the state treasurer, secretary of state and attorney general.

Other witnesses included J. F. Linehan of Milwaukee, who told of sending a campaign contribution of \$25 to Governor Davidson for Game Warden Buckley. The cancelled check with Governor Davidson's endorsement was produced in evidence.

Buckley testified that Stephenson solicited his support and when the senator was informed that witness favored McGovern, Mr. Stephenson is alleged to have said: "All right; I'll fix it up with Stone." A few months later Buckley was removed and he drew the inference that Stephenson did "fix it up with Stone."

Lieutenant Governor John Strange testified to the election of Mr. Stephenson as United States senator on March 4 and that he signed the certificate of election.

EXCITING TIME IN WHEAT PIT

**Drop in Price on the Chicago
Board of Trade.**

SMALL SPECULATORS CAUGHT

Their Fortunes Wiped Out by the Unexpected Downward Plunge in the Price of the Cereal—James A. Patten and His Followers Come to the Rescue and by Vigorous Exertions Save the Day From Utter Rout.

Chicago, April 16.—It was a day of tumult and sharply shifting fortunes in the wheat pit of the board of trade. July wheat, following a docile advance to a new high level, suddenly dropped an extreme 4 1/2 cents. The "pyramided" fortunes of small speculators vanished in a trice and the day was saved from rout only by the vigorous exertions of the bull leader, James A. Patten.

Within the last fifteen minutes of trading, Mr. Patten bought 3,000,000 bushels of wheat for July delivery, while he chewed the stub of a cigar and ran his fingers repeatedly through the unshaven gray stubble which there had been no time to remove from his face. A carnation adorned his coat lapel, and there was a layer of Chicago dust on his coat and hat.

"Nothing but a flurry," he said, but that was after the turbulent pit had been deserted for the day.

During that final quarter of an hour he was a very busy man. Into the corridor of the Western Union building in which the Bartlett & Patten offices are to be found, floated the sound of high, nervous voices as clerks at the telephone shot in buying orders to other clerks in the pit. "Buy fifty. Buy a hundred. Buy twenty-five."

These numbers referred to thousands of bushels of wheat and there were many small ones, so many, in fact, that not all of them were filled. It was a physical impossibility to do so.

Patten Directed His Own Deals.

Mr. Patten personally visited the floor of the exchange and directed his own deals by word of mouth.

It was Patten against the field and the final gong showed that the former apparently was as mighty as ever. His purchases and those of his followers, together with the profit taking of shorts who lost no time in securing the fruits of their bearish daring, caused a reaction of over 1 cent all along the line. Before this occurred the hoard of many a smaller speculator had gone.

Far from the maddening strife on

that board in hundreds of bakeries there was a different, although related, scene. Flour had risen and the bakers with corrugated brows were trying to find out where their profits were coming from unless the price of bread could be raised.

According to one of the largest bakers in the city, the price of flour has doubled in the past six years; lard has done likewise; milk has advanced 33 1/2 per cent, delivery charges have doubled and yet the price of bread remains the same. Three years ago, when flour patents were on the rampage, many bakers saved their profits by reducing the weights of their loaves and quality of flour used. But it is said there is no further extreme of economy to which they can go and meanwhile they allege that their net earnings are nil. So far, however, no concerted action has been taken with regard to the situation.

**PRICE OF BREAD WILL GO UP
Famine Rates Expected to Prevail in New York.**

New York, April 16.—With flour up 40 cents a barrel in the local market and the prospects apparently good for a further rise, New York city is now facing the possibility of bread at 7 cents a loaf. What will appear to hundreds of thousands in the poorer quarters like famine rates for this staple of all larders, bids fair to be forced as a result of the recent rise in the price of wheat. The ghetto of New York city has already in some degree felt the effect of the buoyancy of the Chicago wheat pit. Six cents a loaf is the price now charged by some bakeries, while the proprietors of hundreds of others declare that they cannot continue selling at 5 cents much longer, with bread flour of the better grades costing from \$7 to \$7.20 a barrel, against \$6.60 to \$6.80 a few days ago. They add, moreover, that with flour permanently up to the rates recently quoted, even 6 cents would not give them any sort of a profit.

While no concerted action in the matter of raising bread prices has yet been taken, developments along this line are expected at the next meeting of the East Side Master Bakers' association. This organization comprises about 400 proprietors of the smaller bakeries, 22 of whom have, it is stated, given up business since the big rise in wheat began. Their secretary, D. H. Brayer, declared that present conditions in the flour market meant either a cut in the weight of each loaf or an increase in price.

Thirteen Persons Injured.

Chicago, April 16.—Thirteen persons were injured when a freight locomotive on the Chicago, Milwaukee and St. Paul railroad crashed into a street car at Chicago avenue and Larrabee street. Only one was seriously injured.

"Y-e-s," hesitated Mr. Justwed, "these biscuits are pretty good, but don't you think there ought to be just a little more?"

"Your mother made them," interrupted Mrs. J. quickly. "Of them?" ended Mr. J., with a dash of inspiration.—Cleveland Leader.

STRIKE OF GREAT LAKES SAILORS ON

**Fully Fifteen Thousand Men
Are Affected.**

Buffalo, N. Y., April 16.—The strike of the sailors on the Great Lakes, or rather their refusal to work, is now in effect. Fully 15,000 men, from engineers to deck hands, are affected by the decision of the union organizations not to operate boats belonging to members of the Lake Carriers' association until its avowed purpose to enforce an open shop on the lake boats is abandoned.

Some boats, which have signed up without the open shop clause, and others with nonunion crews will try to get out of port today. Several boats of the Mutual and Union lines have steam up ready to start and an effort will be made to break through the ice. Union pickets are active on the docks, but no serious clashes have occurred.

**TWO MEN BLOWN TO ATOMS
Terrific Explosion in a Nitroglycerin Factory.**

Robinson, Ill., April 16.—Charles Dewels and Moses Lantz were blown to atoms when the nitroglycerin factory of the Independent Torpedo company at Gordon, Ill., was destroyed by an explosion.

The nitroglycerin mill is situated five miles southeast of this city and only two men were at work when the explosion occurred. The ground about the plant was torn up for an acre, and nothing is left to show that the plant once existed. Only a small part of the breast of one of the men was found. Dentz was a widower with two children and Dewels left a widow.

The explosion shook the country for twenty miles around. The shock was so strong here that plastering fell from the ceilings of the houses and the people ran out of their homes thinking an earthquake had occurred. Every building in the city was shaken but the loss here will be small.

**TAFT VISITS NEW HAVEN
President Attends Business Meeting of Yale Corporation.**

New York, April 16.—President Taft made a trip to New Haven to attend a business meeting of the Yale corporation, of which he is a fellow, and prior to leaving for Washington attended the theater with Mrs. Taft and other members of the Taft family.

Mr. Taft has thoroughly enjoyed his trip to New York and New Haven. With the exception of an hour spent at luncheon with President Hadley, Mr. Taft's stay at New Haven was spent entirely at the corporation meeting.

ing for home on the early train this
morning.

Miss Leila Stanton and Miss Lea
Berman, of Bemidji, were in Brainerd
today enroute to St. Paul for a few
days visit.

D. M. Clark & Co.'s new stock of
wall paper just arrived. Price 10c to
35c double roll. 251tf

The residence of Mrs. Martin, on
South Broadway, is nearing comple-
tion and is a decided ornament to that
part of the city.

Miss Hannah Falconer came up from
the twin cities last night to visit at the
home of her parents, Mr. and Mrs.
John Falconer.

Fances Seller the two-year-old child
of Mr. and Mrs. John Seller, of Dag-
gett Brook, died Tuesday night and
was buried today.

B. C. McNamara has rented the John
Hessel residence on North Ninth street
and will occupy it at once—in fact is
already moving in.

A social entertainment will be given
Bjornstjerne, No. 57, of I. S. W. A.,
April 15th. All members and their
families cordially invited, also mem-
bers of S. S. of A. 265tf

Walter Davis and daughter, Mrs. W.
G. Cameron, of Staples, went to Pipe-
stone and Jackson, Minn., this morn-
ing to visit friends.

Word was received in this city today
of the death of William Nelson, of
Akeley. The remains will be brought
here tomorrow afternoon for burial.

Mrs. Ella Olson, a sister-in-law of
the late Mrs. Wm. Brown, arrived
from her home in Fargo, this morning
to attend the funeral of Mrs. Brown.

Will take orders to make camping
houses. Made in sections, can be put
up in short time. E. J. Rhone. 264tf

Dr. Ralph Hallquist, who is practic-
ing veterinary surgery at Detroit city,
returned there today after visiting his
parents, Mr. and Mrs. August Hall-
quist.

Miss Minnie Stine, who was operated
upon for appendicitis at the Northwest-
ern hospital Tuesday is getting along
nicely and a speedy recovery is antici-
pated.

The Pocahontas Degree team of Iola
Council No. 15, D. of P. are requested
to meet at their hall this evening at
7:30 as there will be initiation of can-
didates.

Remember the Pocahontas Coon Mask
party given by Iola Council, No. 15, D.
of P. at Columbian hall tonight. Every-
body cordially invited as a good time is
promised.

"Hard Times" 500 party given by
Lady Maccabees at Cale's hall Friday
evening, 16th. Admission 15 cents.
Come. 266tf

J. H. Koop, who came down from
Backus yesterday reports that two
Indians were burned to death in a cabin
at Squaw point, near the Indian agency
the first of the week.

Mrs. Rassier and Misses Mabel Lewis
and Emily Aschenbrener, of St. Cloud,
left for their home in St. Cloud this
morning after visiting at the home of
Mr. and Mrs. J. W. Koop.

The work on the basement of the
Duluth Brewing company's building in
East Brainerd, is progressing rapidly
and it is thought that it will be com-
pleted early the coming week.

F. H. Gruenhagen went to St. Paul
today to get figures on material for
the heating plant for the Wadena
school house, on which the Slipp-Gruen-
hagen Co. will be one of the bidders.

Herman Kruger, of Alexandria,
Minn., is erecting a \$1,000 residence in
East Brainerd, west of the M. & I.
track and about a block north of Kind-
red street and will make Brainerd his
home.

Orne Sells sewing machines, washing
machines, rugs (all sizes), clocks and
wringers for cash or on easy payments
at the Singer store. 252tf

Mrs. H. I. Cohen, Mrs. Geo. D. La-
Bar, Mrs. C. M. Patek and Mrs. Walter
Courtney went to Little Falls this af-
ternoon to attend a reception to be
given there this evening by Mrs. Chas.
Weyerhaeuser.

Rev. Dr. E. K. and Mrs. Copper and
Rev. Chas. Fox Davis returned today
from Sauk Center where they had been
in attendance at the district conference
of the Brainerd district of the Metho-
dist Episcopal church.

It is reported today that White Cross
Lodge, K. of P., has leased quarters on
the third floor of the Citizens' State
bank building. They will undoubtedly
have as fine lodge rooms as are to be
found in this part of the state.

Phone D. M. Clark & Co., to get
your lawn mower repaired and sharp-
ened. Satisfaction guaranteed. 251tf

The choir of the Seventh street Nor-
wegian Lutheran church will give a
concert at Walker's hall Wednesday
evening, April 21. A fine program of
recitations and music has been pre-
pared. It will rendered in the English
language.

Mrs. George Wilmot, of Jenkins, un-
derwent a successful surgical operation
at St. Joseph's hospital Thursday morn-
ing and is getting along finely. Mr.
Wilmot was down between trains today
to see her.

D. M. Clark & Co. the oldest install-
ment house in the city. Goods sold
on easy terms. 251tf

There was a slight accident to No.
44, the south bound Minnesota & Inter-
national freight train yesterday af-
ternoon. An axle under a car loaded with
pulp wood broke and two cars were
derailed. Comparatively little damage
was done however.

Geo. H. Gardner returned today from
Grand Rapids. He states that the dis-
trict court there has been adjourned by
Judge Wright because of the fact that
the county attorney is not ready to
proceed with more of the criminal cases
until that time.

Harold Webb is a candidate for the
position of city engineer. Mr. Webb
has had several years experience in the
engineering department of the North-
ern Pacific and of the Minnesota &
International railway and believes him-
self fully competent to handle the work
of city engineer.

The Mille Laes Mining company has
been incorporated at Duluth by W. D.
Edson, James T. Hale and James A.
Ferguson, with a capital stock of
\$150,000, says the Duluth Star. It is
supposed here that this company has
been organized to handle the lands
lying west and south of Mille Laes,

C. C. Hall, who will have the posi-
tion of brakeman with F. A. Moerke
on the M. & I. passenger service after
the night train is put on went north to-
day with Brakeman Frank Copper-
smith, to get an idea of the duties of
the position. There will be five engine
crews on the passenger runs, F. W.
Stillings and D. R. McGaffigan getting
the engineer runs.

D. Hellwrath arrived last night from
Ohio, called here by the critical illness
of his wife, who is at the home of her
daughter, Mrs. H. F. Michael. He
was accompanied by their son Dr. F.
M. Hellwrath, of Salina, Ohio. Mr.
Hellwrath, Sr., is having more than
his share of sorrow as he comes direct
from the funeral of his sister, Mrs.
Brook, of Ft. Recovery, Ohio, who lost
her life by an explosion of natural gas
while lighting a gas stove a few days
ago.

How's This?

We offer one Hundred Dollars Reward for any
case of Catarrh that cannot be cured by Hall's
Catarrh Cure. F. J. Cheney & Co., Toledo, O.
We, the undersigned, have known F. J. Cheney
for the last 15 years, and believe him perfectly
honest in all business transactions and finan-
cially able to carry out any obligations made by
him.

Hall's Catarrh Cure is taken internally, acting
directly up on the blood and mucous surfaces of
the system. Testimonials sent free. Price 75c
per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

Caremonial Citron.

A valuable and somewhat curious
variety of citron is cultivated along
the shores of Albania, western Eu-
ropean Turkey. It is known as the
"Casenia" or "Esrog" (Hebrew). It
is a small citron, weighing not more
than twenty-five drams, just large
enough to be held in the hand, and is
thus used in the religious ritual by the
Jews all over the world during the
celebration of their feast of taber-
nacles. Such a citron, if sufficiently
small, without blemish and possessing
a somewhat extended nozzle, is valued
at from \$4 to \$10 each. These citrons
are mostly exported from Parga, Tur-
key, and not from Corfu, as is gener-
ally supposed. A few are said to grow
near Diakovo, Greece.

MRS. LEACH HAS UNIQUE HISTORY

Widow of Old Soldier is Full Blooded Delaware Indian--One of Few Living

WAS MARRIED AT 12 YEARS

First Husband Died of Cholera Leaving Her a Widow at Age of Only 15 Years

Mrs. Martha Leach, of Gull Lake, for whom Judge W. A. Fleming has just secured a pension, has a very interesting and romantic history. Mrs. Leach is the widow of Albert Leach, a veteran of the civil war, who died at his home northwest of this city last January. She is a full blooded Delaware Indian and one of the few remaining of that once powerful and numerous race made famous by the novels of James Fenimore Cooper, as well as by their own prowess and their friendliness with the white race. She was born in Indiana and is now about 75 years of age. At the early age of 12 years she was married to a white man named McDonald. Three years later the Asiatic cholera visited the town of Jersey Landing, a few miles above Alton, Ill., on the Mississippi river, the disease having been brought there by a river boat from one of the southern ports. Mr. McDonald was taken sick in the morning and died the same afternoon. His wife, then but a girl of 15, fled to the woods, remaining there several days. On her return she found that nearly all the inhabitants of that little village had died of the pestilence and that the torch had been applied to the buildings by the survivors, in order to prevent the further ravages of the disease. Thus left alone she followed her aboriginal instincts and struck through the woods to her old home and found her mother with whom she remained for a time after which she went to St. Louis where she was employed for three years as a nurse. She came to Minnesota in 1856 and was married at Caledonia, Houston county, to Albert Leach while Minnesota was yet a territory, the records of the marriage having been transcribed from the territorial records to the records of Houston county upon its organization.

Mrs. Leach is proud of her Indian ancestry and of the fact that out of 200 able bodied men in the tribe during the civil war 170 bore arms in defense of the flag. Considerable difficulty was experienced in securing proof of her marriage owing to the fact that more than a half century had elapsed but all obstacles were overcome and she will enjoy a pension during the remainder of her life.

Want City Property

A good quarter section of North Dakota and to trade for a six or seven room modern residence, must be in good repair. The Brainerd Arena, phone 79.

"A SURE THING"

First Class Base Ball Park will be Built on the South Side At Once

Work has commenced on a first class base ball park to be built by Clarence Smith on the south side just six blocks from the business center. The grounds are to be 380 feet long and 275 feet wide and will be graded so that they are level. It will be covered with clay mixed with black dirt and then it will be rolled. There will be a large grandstand built and also a high board fence enclosing the grounds. The south side boys met Thursday night and elected Walter Fall as manager and William Turcotte as captain of the south side team. They also decided to aid Mr. Smith in building the grounds and to co-operate with him in making one of the finest grounds in the northwest. Mr. Smith has placed the management of the grounds in the hands of W. Turcotte and anyone wishing to use the grounds will have to consult Mr. Turcotte. There is some objection to the location on account of the hills but Mr. Smith has satisfactorily arranged it so the spectators will keep off the hills.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, and is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. H. P. Dunn.

Notice

A meeting of the Citizens' Park Improvement Association will be held at the Commercial club rooms on Friday evening, April 16, at 8 o'clock. Election of officers and other business of importance will be transacted at this meeting. All persons interested in park improvements are cordially invited.

F. A. FARRAR, Pres.

MUSIC AND DRAMA

A Problem Play

"Why Girls Leave Home," which will be presented by E. J. Carpenter's company at the opera house tonight might well be termed a problem play. It deals with the question of a headstrong girl, a conscientious but overbearing brother and the usual villain. It is a thrilling melodrama and will be put on in a thoroughly satisfactory manner. Mr. Carpenter and his company presented "The Little Outcast" a few years ago in this city and made good and will do so again.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. H. P. Dunn.

Card of Thanks

We wish to express our sincere thanks to friends and neighbors for their sympathy and kindness shown to us during our late bereavement. Especially to Rev. M. L. Hostager, of Cloquet, and for the beautiful floral offerings. Their kindness will long be remembered by us.

MAIL SERVICE IS ANNOUNCED

Messenger Service on Day Train to Funkley and on Night Train North of There

WILL POUCH TO FUNKLEY

Brainerd Will Pouch all Mail for Points This Side of Funkley Each Night

The mail service on the Minnesota & International railway under the new time card which goes into effect Monday night has been announced. The car on the day run, which now goes to International Falls will go to Funkley only. A messenger service will be established between Funkley and International Falls on the night train. Mail from Brainerd for points this side of Funkley mailed in this office after the departure of the afternoon train will be pouched to Funkley and distributed by that train on its way down. There will also doubtless be through pouches from the cities and from the Duluth train taken north on the night train for points at Funkley and beyond.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. H. P. Dunn.

Y. M. C. A. Exhibition

The gym classes of the Y. M. C. A. are working hard in preparation for their athletic exhibition at the opera house next Friday evening. The proceeds of last year's entertainment were used to provide additional apparatus for the gymnasium and there will be many new stunts presented this year. The association is doing good work along physical lines, as well as in other directions and should be given a good house at their exhibition.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. H. P. Dunn.

Inexpensive Ice Machine

A small ice-making machine turning out anywhere from 3 1/2 to 70 lb of ice per hour, according to size of machine, is described in the May number of Popular Mechanics.

An agitator is turned by hand on the smaller machines, and by a motor on the larger ones. The moulds are first filled to three-fourths their height with water, covered with their caps, and placed in the machine. A mixture of nitrate of ammonia and fresh water is poured in through round holes in the cover of the machine, and the agitator is turned for 20 to 30 minutes—intermittently, if the operator chooses. At the end of this time the water is found to be completely frozen in the moulds, and the blocks of ice are removed from them by dipping in lukewarm water.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having Foley's Honey and Tar, which contains no harmful drugs. H. P. Dunn.

Annual Exhibit of the Work of the Pupils of the Brainerd City Schools is Now On

The annual exhibit of drawing and written work of the various city schools in Brainerd is being held in the various buildings this afternoon and tomorrow. Those who have seen the work on exhibition speak very highly of the character of the work done. It is said that the rooms will also be open for a short time Sunday afternoon in order to permit parents and others who cannot attend on a week day to see the exhibits.

House Holds Brief Session.

Washington, April 16.—The house was in session but ten minutes. The principal business transacted was the reception and reference to committee of a message from the president transmitting the proposed tariff revision law of the Philippine islands. Adjournment was taken until Monday.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

Communication

EDITOR DISPATCH: In reply to Mr. Dooly's article in last night's Dispatch I will say that I made no criticism on the character of the encyclopedias offered for sale to teachers. They are all right but I do criticize the methods used to make sales. Under the law no one has any right to take the time of a public school to endeavor to make the sale of any thing. Nor has any teacher the right to permit the time of the school to be so occupied, no should she permit any stranger to come in and talk to the school.

Two of the teachers reporting this matter positively state that the man visiting their schools did say that he was sent out by the state normal schools to give instructions to teachers but the name of the man was not given as "Dooly." I wonder if there are two men canvassing the county or is it one man with two names?

The encyclopedias are all right but the majority of the teachers of the county have need to save their money to pursue their education at the normal school and should not at this time indulge in books for which they have not the money to pay cash but have to sign notes, as several say they have done.

As county superintendent it is my duty to see that the schools are properly protected and I propose to see that that duty is performed.

J. A. WILSON,
County Superintendent of Schools.

Easily Fixed.

"I see where a scientific feller says there's a dark planet goin' to hit the sun an' end the world," says the man on the cracker barrel.

"Huh!" observes the man with his heels on the stove. "I reckon we needn't bother much about that. I spoke to our congressman about it this mornin' an' he'll introduce a bill makin' such acts a violation of interplanetary commerce."—Chicago Post.

Of 1,000 parts of the moon 576 parts only are visible to us on the earth and 424 parts remain hidden from the eyes of man.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

"The seat of wear"

—that's the seat in XTRAGOOD children's pants. They'll last *twice* as long; that's because every pair is lined *all the way through*. It makes them *cost* a lot more at the *factory* but the price to *you* doesn't show it. Just the same as if a *light-weight* pair of pants was sewn inside of a *heavier* pair—*Can't* you see how that keeps the *knees* from knocking through and the *seat* from frazzling into holes? It gives that full "*fashion-platy*" look to the knickerbockers, too. Makes them set with grace and *roominess*.

Every part of an XTRAGOOD Suit is *right*. The coats are made like *men's* garments. They are not mere *cut outs* of cloth stitched together. They have *padded* shoulders, lapels that stay *flat* and breasts that won't *break*.

Made of cloths that hold *color* and hold *wear*, too—finished by the mills with the idea that they are going to be cleaned a *lot*. An XTRAGOOD suit means an extra *wear* suit—not extra *price*.

JOHN CARLSON

"Father, what is an empty title?"
"Well, an empty title is your mother's way of calling me the head of the house."—New York Herald.

Actor—And the audience, my boy, were glued to their seats.
Rival—Ah, that's a neat way of keeping them there.

"Will you, ma'am," asked an Irish beggar, "give me a drink of water, for I am so hungry that I don't know where I'll sleep tonight?"

FREE—to All Housewives
I'll Pay The Grocer

To express my thanks to you for buying your first cake of Galvanic Laundry Soap, price 5c, I'll buy of the grocer for you a full-sized cake of Palmolive Soap—the daintiest *toilet* and *bath* soap you know—soap never sold for less than 10c.

When you buy your first cake of Galvanic Soap, I give you 3 times as much soap as you pay for.

I do this because I am asking a favor when I ask you to take my word for Galvanic until you have tried it and know.

I realize that you dislike trying different soaps. But I wouldn't ask you to try Galvanic if I wasn't sure you will use it again.

I simply ask this chance to show you how very much better Galvanic Soap is than the merely good soap you use now.

It's Honest Soap

Galvanic makes the clothes cleaner and whiter and goes twice as far as yellow soap.

No boiling required. No rubbing—except where very much soiled.

One reason is coconut oil.

I go 10,349 miles—to Ceylon—to get this oil.

Others won't use it because it's expensive, yet it's immensely effective.

Galvanic doesn't harm the clothes.

I've 36 years' reputation dependent on this soap.

It's not a new soap—it's an old and true soap.

300,000 Women Use It

I figure that 300,000 housewives now use Galvanic Soap *every day*—use it for laundering and in the kitchen for dishes. They had all used a fairly good soap but they were converted at once upon trying Galvanic.

Please let my soap have a chance to convert you.

Don't pay 5c for a merely good laundry soap—soap not one-half so effective. Learn what you save and gain—using Galvanic Soap.

Cut out the coupon now—hand it to your grocer when you buy your first cake.

CALEB E. JOHNSON, Pres't.

Please Note!

If any one of your family has already redeemed one of these coupons you cannot redeem this one.

This offer is made to your family but once, and to but one member. The coupon must be signed by the recipient, giving her address, so we may keep proper record.

B. J. Johnson Soap Co., Milwaukee, Wis.

This certifies that my grocer has delivered to me FREE one cake of Palmolive Soap on my first purchase of a 5c cake of Galvanic Soap. Also that I never before have accepted this offer.

NAME _____

STREET _____

Redeemable, under the conditions named, at any grocery store where this paper circulates.

TO THE GROCER: Each family is entitled to redeem one of these coupons and receive one cake of Palmolive free when presenting this coupon properly filled out and purchasing a cake of Galvanic Soap. I will redeem the coupon in cash at the price agreed and on the conditions named when properly filled out and returned to me.

CALEB E. JOHNSON

INCOME TAX AMENDMENT

Introduced in Senate by Mr. Bailey of Texas.

ON INCOMES OF OVER \$5,000

Texas Would Impose a Tax of Three Per Cent, Which He Claims Would Provide a Yearly Revenue of From Sixty Million to Eighty Million Dollars—President Sends Message Urging Revision of Philippine Tariff.

Washington, April 16.—Shortly after the senate met it agreed to a resolution of the house of representatives asking that the tariff bill be returned to that body so it might be amended to place upon the free list the products of as well as crude and refined petroleum. The bill was soon returned to the senate with this amendment inserted.

The president's message for a revision of the Philippine tariff so that the principle of protection might be applied to the industries of those islands, and at the same time, in view of practical free trade with the United States, sufficient revenue might be provided, was laid before the senate and referred to the committee on the Philippines.

Senator Bailey introduced an amendment placing a tax of 3 per cent on incomes of over \$5,000 annually, which, he said, would provide a revenue of from \$60,000,000 to \$80,000,000 annually.

Senator Aldrich announced that he would speak upon the tariff bill next Monday. The senate adjourned until that time.

LENGTHY LITIGATION ENDS

Widow of Colonel Ingersoll Wins Suit for Large Sum.

Boston, April 16.—The lengthy litigation against relatives of the late Andrew J. Davis, the wealthy Montana mine owner, by Mrs. Eva E. Ingersoll of Dobbs Ferry, N. Y., widow of the late Colonel Robert G. Ingersoll, ended when Judge William L. Putnam in the United States circuit court handed down a final decree awarding Mrs. Ingersoll \$138,810, with interest and costs.

Following the death of Mr. Davis, certain of his relatives engaged Colonel Ingersoll as counsel in an effort to break Mr. Davis' will, making a contract by which they were to pay him \$100,000. After Colonel Ingersoll died, his widow, as administratrix of his estate, endeavored to collect this amount from the Davis relatives, who contested the case, claiming that the full services called for by the contract had not been performed. Mrs. Ingersoll then brought suit to recover \$100,000 from Henry A. Root of Lowell, Joseph A. Coram of Boston and others who had made the contract with her husband. The case was carried to the United States supreme court, which decided in her favor. As a result of this decision, Judge Putnam issued the final decree in the case.

TRIAL OF PATRICK CALHOUN

Jury Finally Chosen and Taking of Testimony Begun.

San Francisco, April 16.—After three months used in completing a jury, the trial of Patrick Calhoun, president of the United Railroads, reached the testimony taking stage. When court adjourned for the day Ferdinand P. Nichols, the former supervisor who is accused of accepting a bribe paid by Calhoun through Abraham Ruef, had been ordered to answer the first vital question in the case. He was called as a witness after Assistant District Attorney Heney had outlined the prosecution's case.

Mr. Heney told the jury what the prosecution expects to prove and although the defense at one point intimated that he was attempting to argue the case, he was not interrupted by Judge Lawler.

Michael Murphy, a retired police sergeant, was accepted as the thirteenth juror.

SIX MEN PLACED IN JAIL

Charged With Complicity in Remarkable Kidnapping Conspiracy.

Spring Valley, Minn., April 16.—Six men are prisoners in the county jail accused of complicity in a remarkable kidnapping and murder conspiracy, and other arrests are expected soon.

Emil Dreckman, who lives on a farm about fourteen miles south of Spring Valley, was the intended victim of the conspiracy. He received a letter on Wednesday of last week demanding \$6,000, and threatening that unless he paid over the money his son would be abducted and the father killed.

The Dreckman home was attacked by a band of men on the night of April 9, but they were driven away.

Kansas Bank Robbed.

Garnett, Kan., April 16.—The Welda state bank of Welda, Kan., nine miles south of here, was robbed of \$3,000.

Most Clothes Are Afraid of the Words "All Wool"

Few advertised clothes use the words "all wool." Did you ever notice that?

Still fewer advertised clothes *Guarantee* all wool. Did you ever think of that?

An exception to this is CLOTHCRAFT. It's of Guaranteed wool and it is the only all-wool clothing that sells at a part-wool price.

Clothcraft Clothes

CLOTHCRAFT is the single line that guarantees all wool and sells at \$10 to \$25.

Style Shows for Itself

You take no chance on a new garment's style. You can judge it for yourself.

But will the style hold? That's the chance you take. It's a chance you can't afford.

The style will hold if it's in all-wool—any clothing man will tell you that.

So you don't take this chance in CLOTHCRAFT. It's the one, single

line of clothes that protects you at these prices.

Big Saving in Cost

The enormous output, the elimination of waste and the remarkable cost-saving methods known to no other factory make this possible without reducing the value.

This saving pays for the better woolens and better tailoring. You can tell as soon as you see these clothes that they're the best you ever knew at such prices.

Won't you look at them today?

J. F. Murphy & Co.

SECRETARY KNOX HONORED

Banquet Tendered Him by John Barrett.

Washington, April 16.—Elaborate decorations, brilliant speeches and good cheer were the features of a banquet given here in honor of Secretary of State Knox, chairman, and the members of the governing board of the International Bureau of American Republics, by John Barrett, director of the bureau.

Secretary of State Knox, chairman ex-officio of the board of governors of the bureau; Ambassador Nabuco of Brazil, Vice President Sherman, Speaker Cannon and Senator Root responded to toasts, and the ministers of Costa Rica and Argentina also spoke briefly.

WILL TAKE SUBMARINE TRIP

Japanese Ambassador a Guest of Bridgeport, Conn.

Bridgeport, Conn., April 16.—This city will entertain distinguished guests today in the persons of Baron Kogoro Takahira, Japanese ambassador to the United States; Captain J. B. Murdock of the battleship Rhode Island, Representatives Hill and Moore and other government officials. They will be the guests of the local board of trade.

Among the features of Baron Takahira's visit will be a trip on the submarine boat Lake, now lying in the harbor. The diplomat is greatly interested in the development of submarine navigation and has expressed a desire to inspect the workings of the Lake.

RESULTS ON THE DIAMOND

At Kansas City, 2; Minneapolis, 6—twelve innings.

Roosevelt Stops at Aden.

Aden, Arabia, April 16.—The steamer Admiral with Theodore Roosevelt and the members of his party on board, came into this port for a short stay. All on board are well. The Admiral left here soon afterward on her way to Mombasa, where she is due April 21. Mr. Roosevelt took a drive through Aden, seeing the sights.

You Can Test the Kidneys

Let the urine stand for twenty-four hours and if at the end of that time there are deposits of a brick dust variety or if the water becomes smoky and cloudy you may be sure the kidneys are deranged.

Another very marked symptom of kidney disease is pain in the small of the back.

The letter quoted below tells how these symptoms were overcome and kidney disease cured by Dr. A. W. Chase's Kidney and Liver Pills. Because of their direct and combined action on both liver and bowels these pills cure the most complicated cases.

Mr. W. H. Cook, R. F. D. No. 4, Lodi, Wis., writes:—"For many years I was troubled with kidney disease and several doctors told me my conditions were very serious but they could not cure me. Then I turned to Dr. A. W. Chase's Kidney and Liver Pills with excellent results. The sediment disappeared from the urine, the pains left the back and loins and I am feeling well."

One pill a dose, 25 cts a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
